Hi Serdar

I usually stay at the Fairfield Inn in South Boston. Not a whole lot of night life but easy drive safe o the site (only 2 turns!)

See you next week!
Chris

PS Sorry your name was wrong on my last email - stupid spell check :)

> I am working in Pittsburgh the previous Sunday (3/1), but will be driving down Monday morning to meet with you for a few hours. Then I am leaving later on Monday to head back to Phila. I will not arrive on Site until late morning.
>
> Operations are focused on treating soil with Enviroblend. The soil is already segmented (mostly) into 30 ton segments. One supersack of Enviroblend treats each segment. After treatment, START samples the soil, but it is sent to an ERRS lab for analysis. We also get analysis back from treated segments.
